Frequently Asked Questions

Q: Where will my pet be kept during the day?

A: Pet Vet has comfortable lodging accommodations on-site. Your pet will be housed separately with water available, and our staff will walk them periodically until you arrive to collect them.

Q: What happens if I cannot pick up by 4:30pm?

A: This service is intended for clients who can be available during the hours specified. We do not have staff on-site overnight and cannot keep animals past 4:30pm.

Q: What kind of services are available for Drop-Off?

A: Drop-Off is intended for regular wellness check-ups and standard vaccinations. If you have a concern about your pet like a lump or other minor issue, call us first to see if we can address the issue via Drop-Off. Any urgent, ill or injured animal should not utilize Drop-Off.
